Third annual Dental Tribune Study Club Symposia

by Dental Tribune Study Club

NEW YORK CITY: The third annual Dental Tribune Study Club Symposia will be held Nov. 28 to Dec. 1, during the Greater New York Dental Meeting (GNYDM). World-renowned experts will offer lectures on various topics. Participants will earn C.E. credits and will have the opportunity to learn about various aspects of dentistry and how to integrate a variety of treatment options into their practices.

Each day will feature five individual one-hour lectures led by experts in their fields. The final day features the Osseo University Summit, a program dedicated to implantologists.

Participants not only earn C.E. credits, but they also gain an invaluable opportunity to learn diverse aspects of dentistry and how to integrate a variety of treatment options into their practice.

The speakers have been carefully selected are nationally and internationally renowned for their influence in enhancing dental education through extensive clinical experiences and diverse backgrounds.

The program is held on the exhibition floor, in Aisle 6000, Room 3 and will feature the following agenda:
